MR. KELLAM AFTER REV. W. A. CHRISTIAN

Complains of the Conduct of the Minister and May Bring Matter Up in Conference.

Considerable interest has been aroused throughout the bounds of the Virginia Conference by a printed circular just issued in connection with the Christian-Kellam case that created a sensation at the last meeting of the conference held in this city.

Mr. Kellam comes forth in the paper and makes certain charges against the Rev. W. A. Christian, that will probably be aired at the meeting of the conference this month. It will be recalled that Mr. Christian last year led a successful fight against Mr. Kellam for membership on the Education Board. He stated at certain times, but made no open charges. Mr. Kellam now makes a counter move which suggests that the whole matter may be reopened when conference meets. The circular alleges:

"First—That the Rev. W. A. Christian has made charges against me which he refuses to put in writing.

Second—That he has asserted his readiness to prove these charges, and then when urged to do so before an investigating committee, if he could, refused to appear, saying he made no charges.

Third—That I have exhausted every proper effort to get him before a disciplinary tribunal, where he would have to substantiate the consequences of his failure to establish his charges. I leave the public to judge the right and wrong in the matter.

MRS. MCGHEE'S RECITAL

An Occasion that Was a Most Enjoyable One.

Wednesday evening last Mrs. W. H. O. McGhee gave a song recital at her studio, No. 117 West Main Street, to which invitations were issued to the most prominent musical people of the city and her pupils.

The programme consisted of ten numbers, in two parts, and was most excellent.

The audience was very enthusiastic in its praise of the artistic rendition of the programme, which was well calculated to display the versatility of the singer. Dr. McGhee, who acted as accompanist, came in for special congratulation and an encore after the rendition of one of his recent compositions, a setting of Frank L. Stanton's poem, "The Black Lily Fellow."

This is the first of a series of recitals which Mrs. McGhee will give throughout the winter. The next recital will take place the latter part of November, the programme to be rendered by Mrs. McGhee and some of her most promising pupils.

CASE OF THE JOSEPHITES

Col. R. B. Yowell Ad-resses a Large Company at Powell's Hall.

Colonel R. B. Yowell, organizer of the Royal Life Insurance Company, and a member of the organization at Powell's Hall, on Church Hill Avenue, last night, explaining why it had been the best business investment of the organization to the Cosmopolitan Life Assurance Society of Springfield, Ill. He told those at the meeting that the investment of the Josephites was fully protected, and that for a number of years the Cosmopolitan Life would carry them through additional cost. If the life kept up its business it would, of necessity, have had at once to increase the assessments very materially. His remarks were well received, and the audience was satisfied that under the circumstances the best step had been taken.

Street-Car Company Has No Interest in Election.

DEPUTY MARSHAL NAMED

Collier Marcellus to Go to the Norfolk Yard for Repairs—Torpedo Destroyers in Dry Dock—Thirty-six Chinamen to Be Deported.

(Special to The Times-Dispatch.)
NORFOLK, Va., Oct. 31.—The County Executive Committee of the straightout party was this afternoon assured by the management of the local street car company that no intimidation of its employees at the general election would be countenanced. Notices will immediately be posted, informing the men that the company is not interested in their vote, one way or the other.

Republican City Chairman Lowery has protested against the appointment of L. M. Cooper, as a Republican judge in the Fourth Ward, on the ground that Cooper is not a Republican. James Rankin will be named in his place, this is the case.

DEPUTY MARSHAL.
W. F. Gray, of South Norfolk, was today appointed a United States Deputy Marshal for this district. The work here has become too great for one man.

W. R. Core was to-day fined \$50 for assaulting W. H. Fentress. He paid the fine with a check, specifying the reason it was drawn.

COLLIER MARCELLUS.
The United States naval cutter Marcellus, which has been on duty with the North Atlantic fleet since last summer, has arrived at Lambert's Point for coal, and also for minor repairs. She will in all probability come to the navy-yard, should it be impracticable to send machinists down to tinker her machinery.

Thirty-six Chinamen will be deported from this city Monday. They include twelve from other cities. The remainder were captured here during a recent raid on unregistered Celestials. Among the out-of-town Chinamen who must return is Kin, who skipped his bail bond at Springfield, Mass., fled to Norfolk and was given up by his brother, who became his surety. There was no law under which he could be sent back to Boston, so Judge Vaddell sent him to China instead.

GIVEN REPRESENTATION.

The probability of trouble at the polls in Norfolk county at the election Tuesday has been lessened by the fact that the Fusion Electoral Board has decided to give the straightouts representation.

The opponents of the dominant faction had made open threats of what they would do if they were refused representation at the polls.

The board to-day refused to make public the list of judges.

One reason assigned by the board this afternoon is that the list as made up was not entirely legal under the ruling of Attorney-General Anderson, as announced in the dispatches from Richmond.

The Attorney-General held that persons who served as registrars were disqualified from serving as judges of election. This necessitated the revision of the list as at first prepared, the board desiring there to be no question about the legality of the election in any precinct where gentlemen who had been registrars had been listed to serve as judges.

They took this position, although they had no official advice from General Anderson, but wanted to be on the right side of the law.

The straightouts criticized the holding back of the names of the judges as a political dodge on the part of the board.

The last shot in the present heated campaign in the county will be fired on Monday night, when the Hon. Carter Glass, of Lynchburg, will address the voters at the Lyceum Theatre, this city.

HALLOWEEN PARTY.

(Special to The Times-Dispatch.)

TWENTY YEARS FOR MURDER

Minnie Mitchell Discharged from the Charge of Arson.

(Special to The Times-Dispatch.)
GREENSBORO, N. C., Oct. 31.—Will Headen, convicted of murder in the second degree, was to-day sentenced to the penitentiary for twenty years.

T. J. Murphy, the lawyer, who shot John R. Coble in a street fight, two weeks ago, submitted his case and was fined \$50 for carrying concealed weapons. Judgment was suspended on payment of costs in the case.

The case against Alonso Barringer for murder with a pistol at a negro in High Point, was continued until the next term. The grand jury failed to find a bill against Minnie Mitchell, presented by the State's Attorney, Commissioner and an insurance company for alleged arson of her dwelling, to obtain insurance and the defendant was discharged.

NEGRO MAN WAS VERY BADLY SHOT

Now at the City Hospital
not Expected to Live

Bill Randolph and Dan Green, two negroes, came together last night on Duval Street, between St. James and First Streets, and it is alleged that Bill pulled a pistol out and shot Dan in the stomach.

Officers McMullen, Tyler and Gorman arrested Bill, and Dr. Rex responded to a hurried call for the ambulance. The wounded negro was taken to the City Hospital, where he is not expected to live, as the bullet is believed to have entered the cavity.

At the Third Station House, Randolph declares that he did not shoot, but that he was warned by the police who were treating him, and he is not expected to live, as the bullet is believed to have entered the cavity.
